

*FOR IMMEDIATE RELEASE*

## **Top 5 Essential SiteLink myHub Features and the Positive Impact on Your Business**

**SiteLink to host free interactive webinar August 8 at 2:00 pm, EDT**

**Raleigh, N.C. July 17, 2018** — SiteLink, the global leader in cloud-based software and payment processing for storage operations of all sizes, is pleased to announce a new Support Webinar demonstrating the most exciting new SiteLink myHub enhancements. The interactive webinar, hosted by SiteLink Corporate Trainer James Renouf on August 8, 2018, will highlight features and tools of myHub with the greatest impact on myHub's functionality and focus on benefits for users.

### **Highlights include**

- Discover Lead to Lease, 3D Map, merchandise purchase, background billing/invoicing and virtual terminal in SiteLink myHub
- Versatility, speed and performance of the industry's fastest-growing platform
- Webinars are a regular part of SiteLink's continuing efforts in customer engagement, support and service

### **The top 5 new essential myHub features**

Recent major additions to SiteLink myHub take center stage in this upcoming webinar. Participants will learn how to convert more leads to rentals with the Lead to Lease workflow, use new options for auto-billing credit cards and ACH and see the new 3D Map first-hand. Renouf will review purchasing merchandise in myHub and the exciting new virtual terminal for SiteLink Merchant Services customers.

Like all SiteLink webinars, the live session is interactive and offers registrants the chance to participate in polls, make comments and ask questions. Q&A is scheduled for the end of the webinar. Seasoned myHub users as well as newcomers will benefit from this session.

After the live event, on-demand access will be available via [the SiteLink website](#) and all Q&A will be posted on [StorageForum](#), SiteLink's self-storage community forum. The webinar is free and open to everyone.

### **Use myHub today**

Run the browser-based myHub platform on tablets, smartphones, PCs and Macs to enjoy convenience, flexibility, ease-of-use and mobility as key benefits. Multi-store operators have seamless, one-click access to all locations. Graphical reporting on the

myHub Dashboard displays chart data for managers, viewable at a glance. Daily tasks like move-ins, move-outs, taking payments, etc., are easy to find, navigate and complete in the streamlined interface.

Both Web Edition and myHub platforms share the same database; all edits happen in real-time between the two interfaces. SiteLink myHub is free with a Web Edition subscription—operators simply log in with the same credentials.

SiteLink developers continue to add features and tools to myHub at a rapid pace; soon most features available in Web Edition will be accessible in myHub plus many more.

### **SiteLink webinars part of comprehensive support**

SiteLink continues to focus on customer success. The company's wide array of training, support and education options serves users on every level. Industry Webinars, hosted monthly by SiteLink technology partners and self-storage experts, offer unique insights into the industry. SiteLink Support webinars target specific functions of the software such as using myHub, Price Optimizer, auditing and much more.
